

Week 19

This week a edging to practice Torchon lace: 2 different fans, a diamond in cloth stitch, honeycombs and a spider. Feel free to make the diamonds in a different way. This edging was last year designed by me as a drawing lesson for and published in the Spanish magazine Vuelta y Cruz. You need 18 pairs of bobbins wiht DMC fil de dentelle 80 or similar.

Below you find the diagram for this edging. Of course you can use several stitches for the ground, the diamond, the roseground diamond. For the fans you can choose between cloth stitch and whole stitch.

Have fun with this Torchon edging.
