

Week 26

The Skåne laces become more complex every week. This one is the Halv Bladstjärna med Ljusskack or the half leaf-star with diagonal goldshine border.
For this insertion you need 20 pairs of bobbins with linen 80/2 or similar.

You can download the pdf file for the pattern in the correct size.

The diagram is drawn the same way as it was for the other Skåne laces. However it is so big that it does not fit here. Therefore I made a pdf file, which you can download. The start of the diagram is a way to start the lace more easy than in the middle of the motif.
Also this week we wish you fun making this insertion.
